safeTALK is a 3-hour training that prepares participants to identify persons with thoughts of suicide and connect them to suicide first aid resources. Most people with thoughts of suicide invite help to stay safe. Alert helpers know how to use these opportunities to support that desire for safety.

This suicide alertness training program can help participants to:

- **identify** persons with thoughts of suicide
- **understand** TALK steps
- **connect** persons with thoughts of suicide to suicide first aid resources

For more information or if you have questions, you can contact Cheryl Robinson at 815-622-3553. Also, you can find more information about all LivingWORKS educational programs at www.livingworks.net.
